

FLOWCONTROL

BOOSTS YOUR TRUBLUE SURGERY

A.R.C.
LASER
MADE IN GERMANY

ALREADY LIKE THE WOLF TruBlue?

FlowControl enhances the outcome in your High-Class ENT surgery.

- Adding value to your daily routine by optimising the number and range of procedures with increased performance
- Flexibility is key: No matter the operating theatre location, you can adapt the FlowControl System to a helium tank
- Supports cutting and vaporisation procedures
Speed up your surgery !

Best-in-Class Versatility

A.R.C. Laser is the synonym for laser technology "Made in Germany". All research and development for our lasers & optical equipment takes place in Germany.

FLOW CONTROL

The IDEAL ADD-ON to WOLF for precise Surgery

445 nm

Best-in-Class Versatility

FlowControl as an important companion to your WOLF TruBlue 445 nm enabling a FULL RANGE of ENT surgical procedures to be performed.

This plug and play accessory grants access to a new and unique level of surgery you never experienced.

Power is nothing without control

A.R.C. Laser WOLF TruBlue 445 nm is the most powerful laser in the world for ENT surgery with its high absorption in hemo-globin and pigmented tissue.

This level of power requires assistance to achieve hassle free surgery capability without compromise.

10 W
CW-Mode

**FLOW
CONTROL**

Controlled flow for a clean fiber tip and enhanced visibility in a clear surgical field.
